

## Mission Statement

The Mission of the Golden Leaves Living Center is to provide a safe and nurturing environment in which our Residents make choices about their friendships, family, and activities of daily living and where they can be involved in the community of the unit and continue their lives in the manner in which they choose.

Golden Leaves Living Center provides an environment that stimulates our Resident's mental status through a variety of activities, provides therapies to maintain and gain in physical function and offers a variety of church services to provide for spiritual comfort and growth.

## Resident Memorial Fund

Helen Newberry Joy Hospital & Healthcare Center's Long Term Care has a memorial fund. Resident Memorial Funds are used for Resident outings, Christmas gifts, and other Resident needs.

*Donations to this fund are tax deductible.*

## Licensing & Regulation

The State of Michigan Department of Community Health has a specific set of standards and conduct inspections and surveys periodically to evaluate the care provided to residents. The Michigan Department of Public Health issues a license to operate as a nursing facility. Copies of the most recent surveys are posted on the wall outside of the nurses station.

In compliance with State of Michigan regulations, fire drills are conducted once per shift per quarter. An annual inspection is conducted by the State Fire Marshall to determine that the facility is in compliance with all safety rules and regulations.

## About GLLC

Golden Leaves Living Center is a 39-bed long-term care facility providing quality care to our residents around the clock. Staffed with experienced and caring Registered Nurses, Licensed Practical Nurses, Certified Nurse Aides, and Physicians from Helen Newberry Joy Hospital, everyone is committed to providing quality care to our residents.

## Community & Family Involvement

Friends and family, including those on four legs, are always welcome at GLLC. Stop by and cook in our full-service kitchen in the activities department or have a special birthday party for your loved one and invite friends and family over.

## Services & Programs

An array of services are provided at GLLC to ensure your loved ones continue to be active and enjoying life while all medical needs are met. Services that are provided include:

- **Activity Department**
  - Daily group activities
  - Community outings
- **Church & Pastoral Services**
- **Beauty & Barber Services**
- **Laundry Services**
- **Medical Director**
  - Provides physician services for residents for any needs that arise
- **Pharmacy Services**
- **Rehabilitation Therapy**
  - Physical, occupational, and speech therapy are available
- **Transportation Services**
  - Staff provide transportation in our resident-friendly bus to outings and doctors appointments

## Skilled Nursing & Rehabilitative Care

Our facility promotes the physical well-being and emotional health of seniors who have undergone surgery, been hospitalized, or sustained an injury. We combine state-of-the-art care, a warm environment and the attention of our highly-trained staff, who are ready to provide each resident personalized care and service, with the goal of restoring confidence, ability and independence—and successfully returning home.

## End of Life Care

Comfort Care support within our facility is provided to enhance the care for those needing end-of-life care.
